Recovery in a Serene and Welcoming Mountain Setting

Mountain Springs provides evidence-based healing and recovery programs to help clients during one of the most difficult times of their life. We offer a team of highly competent professionals in various academic disciplines and specialties who will work with you to create a personalized treatment plan. You or your loved will stay in a therapeutic atmosphere with around-the-clock monitoring and medical care. The Mountain Springs team features an impressive collection of experienced and compassionate counselors, doctors, physician assistants, therapists, nurses, case managers, and support staff members.

Our Core Values

Mountain Springs understands the role of various treatment methods and recovery programs to promote effective recovery. We combine different types of treatment with a highly experienced and skilled team. We believe that to overcome hurdles and build new lives, people need an encouraging and supportive community.

We are committed to the total comfort of our clients. Mountain Springs designs various programs to provide comprehensive, therapeutic care for the recovery process.

Our professionals strive to promote healthy lifestyles for our clients after their treatment ends and they return to their loved ones. Mountain Springs believes in providing a healthy and secure place to encourage genuine, lasting recovery.

Dedicated to providing quality care for men and women with substance use disorders, we are always looking for ways to improve. We value the contributions of applicants who have experience with residential treatment and could use this experience to better understand our clients and the industry.

We're Looking for Team Members

Do you have experience, motivation, and ideas? Do you want to help people become sober? Mountain Springs Recovery could be the place for you.

Our diverse staff has the training and compassion to provide professional, caring assistance to help people fight addiction. Every single one of our team members has a valuable role to play. If you apply, you could be part of this important and much-needed team.

The list below includes various job positions. Our team members help people recover physically, mentally, and emotionally by providing skilled medical and therapeutic care and other assistance. They help our clients create healthier, happier lives.

Join us to help people on their roads to recovery.
